

pints for pollinators

A Gathering for Conservation Conversations

We hope you'll join us for this get-together!

Date: January 25th

Time: 6 p.m. to 8 p.m.

Location: Bodega Noir, Landrum, SC

This conservation conversation features two short talks, each followed by a Q&A session. Guests will have plenty of time in this informal setting to meet like-minded folks for discussion and socialization.

The topic for this first gathering:
Invasive Plants - Are They Taking Over Your Yard?

- Topic One: Invasive Plant Removal: How to tackle this beast of a challenge in our yards and community.
- Topic Two: Plant This / Not That: Great native plant alternatives to invasive species.

Our Pints for Pollinators series was inspired by the international organization Pint of Science. Stay tuned for information on future conservation conversation gatherings.

Bodega Noir is a wine bar and event space located at 102 W. Coleman Street, Landrum, behind the Hot Spot. Beer and wine will be available.
